GEDDES ACCUSED OF PERVERTING FACTS

ASKED TO PRESENT HIS EVIDENCE TO DISPROVE FINDINGS

Walsh Challenges Statements of British Ambassador—Is Willing to go Before Any International Tribunal With the Case—Refers to State of Irish Bank Deposits

(By The Associated Press)
WASHINGTON, April 1.—Frank P. Walsh, as counsel for the Republic of Ireland, issued today a rejoinder to the statement of the British embassy made in reply to the report of the commission of the committee of one hundred investigating conditions in Ireland.

He characterized the British statement as a gross perversion of facts and challenged Ambassador Geddes to appear before the commission or some international tribunal and present his evidence to disprove the commission's findings on penalty of being branded by Mr. Walsh as "a wilful and malicious falsifier."

The gross perversion of facts in Ambassador Geddes' statement, Mr. Walsh said, "is proved not only by the public statements of distinguished British statesmen who have investigated conditions in Ireland, but also by the admissions of Premier Lloyd George and Sir Hamer Greenwood in the house of commons."

"The British ambassador has selected the public press for his answer to the evidence of eyewitnesses who appeared before the commission. Neither the British ambassador nor any other defender of British terrorism in Ireland dared appear before the commission and publicly present their testimony in open court."

"The British ambassador now states that he has in his possession evidence which disproves the findings of the committee."

Ready to Hear Evidence.
"I am ready to join with British Ambassador Geddes in a request that the commission be immediately called together to hear the evidence he claims he has in his possession or to meet him in the presentation of evidence regarding the British atrocities in Ireland before any properly constituted international tribunal."

"If the British ambassador refuses to present his evidence before such a tribunal where it may be challenged I shall brand him as a wilful and malicious falsifier."

"On behalf of the republic of Ireland," the statement continued, "I am prepared to prove that the British forces in Ireland have repeatedly tortured helpless prisoners and non-combatants. English officers have pulled out the finger nails of prisoners with pliers. They have manufactured a refinement of torture known as the 'crown of thorns' an instrument with sharp protruding nails which is pressed down upon the head of the helpless victim to force him to give further information and other atrocities which are too revolting even to describe."

Referring to the citation by the embassy statement of Irish bank deposits, Mr. Walsh said: "The facts with regard to the increased deposits of the Irish banks are that the Irish people have withdrawn their funds from British banks and deposited them in their own country and even more important, fearing looting and thieving by the British soldiers, the people of Ireland have deposited all their small hoards of money in the banks in the hope that they at least would be safe from robbery by British officers and soldiers."

GERMANY WOULD LIKE U. S. AS HER CREDITOR

Berlin, April 1.—(By The Associated Press.)—The suggestion that the United States become the creditor of Germany by accepting German bonds in lieu of the debts the entente powers owe the United States is popular with the Germans.

It is regarded as unlikely in Berlin official circles that the United States will seriously consider such a proposition until the entente announces positively the total reparations claims it will attempt to collect from Germany. This should be done May 1, according to the Versailles treaty.

CONTINUES EFFORT FOR MORAL SUPPORT OF UNITED STATES

**Viviani Consults With
Senator Lodge On
German Relations**

**SUGGESTS SEPARATE
PEACE WITH GERMANY**

(By The Associated Press)
WASHINGTON, April 1.—Conferees were continued today between Rene Viviani, envoy extraordinary from France to this country, and members of the Harding administration, in an effort on his part to obtain the moral support of the United States for France in her problems of peace and reconstruction.

M. Viviani conferred with Senator Lodge, chairman of the foreign relations committee, today, as well as with other government representatives, and advanced particularly his discussion of the problems France is confronting in her relations with Germany. It was said authoritatively today that M. Viviani's visit is not for the purpose of discussing the financial affairs of this country and France.

May Consider Separate Peace.
It was said that in addition to taking up the question of moral support for France in its relations with Germany, it has in view as a corollary consideration of the possible termination by the United States of the war with Germany by a separate peace resolution. Questions of industrial reconstruction are also said to be under discussion.

Altho Republican senators who have participated in the discussions said today they doubted whether M. Viviani's visit would affect the international policies of the United States, the former premier is understood to have received assurances that the new government does not intend to cease to hold Germany accountable for the obligations incurred by her to the allies and associated powers in the war.

Whatever form the conclusion of peace between the United States and Germany may take it will be so framed as not to weaken in any way the morale of France or to give aid or comfort to Germany. M. Viviani is also understood to have received the impression that the moral sanction of America will not be lacking for any program of the allies looking to the exaction from Germany of adequate and just reparations.

"The Illinois Manufacturers' association, which represents plants employing in the neighborhood of a million men and women who are freely co-operating to adjust themselves to the new conditions, heartily approves of your action in investigating the railroad situation," the telegram said.

"No readjustment of railroad rates is possible during the existence of the national agreements or while railroad wages are at their present high level."

"We respectfully urge that you reorganize the railroad board and insist that the public be given hearings. The board, as organized, has denied the shipping interests any opportunities to show why the expenses of transportation are blocking the progress of business. Our wage earners in Illinois are suffering on account of the inactivity of our plants and capital is suffering because it is idle."

MAY NOT NEED MANY NEW TAXES

By Associated Press.
WASHINGTON, April 1.—Congress may find it necessary to provide any considerable number of new taxes in revising internal revenue legislation, Chairman Penrose of the senate finance committee, said today.

"The tax requirement may not be as large as some people are disposed to think," the senator said. "It is possible that the excess profits tax can be repealed without resort to any new extensive taxes to take its place."

The statement was made during discussion of the proposed sales tax as a substitute for the excess profits tax. The sales tax question, Senator Penrose said, will be the first subject before the senate finance committee immediately after congress convenes. Senator Penrose said there was strong propaganda in favor of the sales tax, but he and other committee members had yet to be convinced that it is practical or desirable.

ATTEMPT TO POSTPONE BLUE SKY LAW FAILS

WILL REDUCE WAGES OF 60,000 MEN ON AMERICAN VESSELS

**Seek Approval of Shipping
Board of Proposed
Plan**

**BOARD SAYS MUST
HOLD CONFERENCE**

(By The Associated Press)
WASHINGTON, April 1.—Decision to reduce wages of the 60,000 men employed on American ships operating out of Atlantic and Gulf ports was reached today at a conference of representatives of the American Steamship Owners' association and Chairman Benson of the shipping board.

Agreements under which the seamen are now working expire May 1, and the steamship owners sought the approval of the board to a plan for readjusting wages and working conditions. The board declined to approve any specific plan, Chairman Benson said, and the terms of the wage reductions proposed by the owners were not made public.

The chairman announced that the board was thoroughly in harmony with the view that there must be readjustment of wages necessitating a reduction, restriction of overtime and modification of the existing rules and regulations.

The board insisted, however, the chairman added, that before any definite action is taken in readjusting wages, conference must be held between the owners and the men. After working agreements have been tentatively decided upon at these conferences, he said, the board will take up the matter for final decision.

WILL CONFER ON 44 HOUR WEEK

**Commercial Printers Meet Rep-
resentatives of United Typothe-
tae in Chicago.**

(By The Associated Press)
CHICAGO, April 1.—Commercial printers, organized in the closed shop division of the United Typothetae of America named four representatives today to confer with International Union presidents in Chicago tomorrow on the 44-hour week.

The unions carried referendums in 1919 on this shorter week, to take effect May 1, 1921. This question is to be threshed out finally tomorrow by representatives of the organizations concerned in the international joint conference council of the printing industry.

The council was created in 1919 for the mutual consideration by employers and employees, who have contractual relations in this industry of their mutual problems. It makes an endeavor by both sides to conciliate differences.

Concerns affected are largely in New York and Chicago, the union shop divisions of local typothetaes in these two cities forming the bulk of the organization's membership.

WILL GATHER RED CROSS COMPLAINTS

Geneva, April 1.—The Red Cross assembly which held its closing session here today adopted a proposal by R. D. Bennett of Canada, to nominate a commission to gather complaints of national Red Cross associations during the next six months against the belligerents during the war.

HARDING CABINET DISCUSSES MANY SUBJECTS FRIDAY

**Foreign Loans Had
Important Place in
Discussion**

**RAILROAD QUESTION
UP TO LABOR BOARD**

(By The Associated Press)
WASHINGTON, April 1.—Financial and industrial subjects ranging from foreign loans to the domestic agricultural situation were discussed at length by President Harding and his cabinet at today's regular meeting.

It was indicated that no definite conclusion required and that the railroad question, among others, still awaited a solution.

The discussion of European loans outstanding as a result of the war was in connection with the approach of the time for an interest payment. It is understood the president and his advisers talked over the feasibility of converting the loans into some sort of long-term negotiable bonds.

In its consideration of the railroad problem, the cabinet had before it detailed information given the president yesterday by Chairman Clark of the interstate commerce commission and Chairman Baran of the railroad labor board. In addition to a mass of other data which has been collected by administration officials.

Contracts Still in Force.
The point that wage and other contracts entered into when the railroads were under government control are still in force was raised in a telegram received by President Harding from the railway employees' department of the American Federation of Labor, which proposed that employers and employees be called into a general conference on the subject of railway reorganization.

The president had not replied to the telegram tonight, altho there were indications that he has no plan for a general conference now in mind. Officials expect him rather to work out his policy thru individual consultation with the managers, stockholders and employees.

In the cabinet's discussion of the question of continuing wartime agreements, it was brought out that the issues involved far more than the mere controversy between the employer and employee. Argument was put forward that if the contracts in question were to be regarded as still in force, that that would remove the right of negotiation between the roads and men on any wage disagreement. It was also pointed out that this question was not directly before the president, but rather was a nut to be cracked by the railroad labor board.

In its general review of business conditions the cabinet took particular notice of agricultural productivity, on which a report was made by Secretary Wallace, of the agriculture department. The substance of his opinion has previously been made public in his appeals for relief to agricultural interests.

COLONEL HARVEY TO BE ENGLISH AMBASSADOR

**Choice Determined Some Time
Ago—Herrick Will Attend
Dinner at White House for Vi-
viani.**

WASHINGTON, April 1.—Definite announcement of the selection of Colonel George Harvey of New York, to be ambassador to Great Britain was made today at the White House.

The choice, which is understood to have been determined upon some time ago, was made known as an incident of Colonel Harvey's visit here today to confer with the president. It was understood that he had been summoned by Mr. Harding to talk over details of his mission at the Court of St. James.

Myron T. Herrick of Ohio, who is understood to have been under serious consideration for the ambassadorship to France, a post which he held under President Taft, also came here today. He will be a guest on April 5 at the White House dinner in honor of Rene Viviani.

SOVIET GOVERNMENT STILL HOPING FOR TRADE RELATIONS

**Says That Will be Principal Objective of
Soviet Government's Foreign Policy Until
Relations are Established—Promises Re-
spect of Private Property—Wants Help**

(By The Associated Press)
LONDON, April 1.—Despite the uncompromising tone of the recent note of Secretary Hughes in reply to representations by Russia for the opening of trade relations with the United States the principal objective of the Russian soviet government's foreign policy is and will continue to be the establishment of such relations, according to Leonid Krassin, Russian representative here.

He refuses to recognize the attitude of Washington as an unsurmountable difficulty to the establishment of relations with the United States whereby trade would be possible.

M. Krassin gave these views when interviewed by the Associated Press today. He stated that the admission to America of Russian representatives was the first requirement; the initial transactions would then be carried out by means of cash payments with the question of credits naturally arising later.

"The soviet government is prepared to respect the principle of private property and act upon the policy of exchange of equal values in trade," said M. Krassin. "If these guarantees are insufficient, deposits will be placed acceptable to institutions insuring against violation of contracts."

No predictions or promises of any great volume of trade were made. He expected the immediate difficulties would be transported.

The fact that trade had been carried on by soviet Russia with the Baltic states for a year, the Russian representative said, was proof of its practicability. He said it was inevitable that commercial relations would be re-established with America, and the sooner they got started the sooner Russian reconstruction would get under way. This would mean an earlier economic peace for Europe and world, he declared.

There would be no more European war, he added, emphatically, until there was a peaceful Russia. "The soviet government," M. Krassin declared, "looks to America as a country where Russia can obtain experienced men and the materials which are needed in the gigantic reconstruction facing Russia. Nowhere in the world can her present problems be faced and solved as in America."

Surveying present Russia, he compared it with the United States after the Civil War. A great, undeveloped country surpassing others in natural resources, America forged ahead. In conclusion, reference was made to soviet propaganda, which he said, was the only means for Russian intercourse abroad as long as she was unable to establish normal relationships. The hostility of Great Britain had been overcome by propaganda, in his opinion, but since the opening of commercial negotiations, Great Britain had no cause for objection to the propaganda.

Active propaganda against the United States and never existed, said M. Krassin.

SHE TOOK HER FRIEND'S ADVICE

Now is in the Best of Health Because she took Lydia E. Pinkham's Vegetable Compound

Detroit, Mich.—"I was not feeling well for several years and never was able to eat any breakfast and almost under the care of a head doctor or tired feeling which at times required me to stop my work and rest. I have never had a physician and never took any medicine for it until yours was recommended to me by a neighbor whom I used to visit frequently. I took four bottles of Lydia E. Pinkham's Vegetable Compound, and now I am in the best of health and enjoy doing my work every moment of the day."—Mrs. L. M. DARRAS, 46 Howard St., Detroit, Mich.

It is not always in business that a woman is forced to give up her work on account of ill health. It is quite as often the woman who does her own work at home. When backaches and headaches drive out all ambition, when that bearing-down sensation attacks you, when you are nervous and blue, the one great help for such ailments is Lydia E. Pinkham's Vegetable Compound.

Changes Announced In English Cabinet

(By The Associated Press)

LONDON, April 1.—Field Marshal Viscount French of the Ypres, will be succeeded as lord lieutenant and governor general of Ireland by Lord Edmund Bernard Talbot, who has held the post of joint parliamentary secretary for the treasury.

Sir Robert S. Horne, president of the board of trade has been appointed chancellor of the exchequer in succession to J. Austen Chamberlain. Stanley Baldwin, parliamentary secretary of the treasury will become the new president of the board of trade.

Viscount French was appointed Lord Lieutenant of Ireland in 1918. He was in command in 1914 of the British forces in France and Flanders, a position he held until relieved by Field Marshal Haig in December 1915. One of his great achievements was the famous battle of Ypres, the winning of which barred the channel ports from a German invasion and saved England from invasion. On his retirement in France he was created Viscount French of Ypres.

Much surprise was evinced when French was made lord lieutenant of Ireland. The Irish Nationalist expressed the belief that his administration would be characterized by repressive measures. His rule never proved a happy one because of his strong stand against the radicals and his declaration that a Sinn Fein republic would never be established there. In December, 1919, an unsuccessful attempt was made to assassinate Viscount French while he was motoring in Ireland.

The appointment of Lord Edmund was due to the necessity, under the home rule act of appointing a civilian viceroy.

These changes necessitated a considerable reconstruction of the ministry.

Among the changes and new appointments are:

Dr. Christopher Addison, the minister of health, is made minister without portfolio.

Captain Frederick Guest, aide de camp to Field Marshal French, becomes air secretary.

Sir Alfred Mond, first commissioner of works, becomes minister of health.

Andrew Bonar-Law's unexpected retirement as lord privy seal and from the government leadership in the house of commons had led to a complete reconstruction of the government on a much larger scale than had been expected.

The most remarkable appointment is that of Robert S. Horne to the chancellorship of the exchequer. In parliament only two years, he succeeds to the most important position in the cabinet after that of the premier.

The appointment of Lord Edmund Talbot to the Irish post is extremely interesting. He is the leading lay Roman Catholic in the kingdom and the first Catholic to become viceroy of Ireland.

BIG FIGHT WILL BE HELD IN JERSEY CITY

(By Associated Press)

MONTREAL, April 1.—The heavy weight championship bout between Jack Dempsey and Georges Carpentier will be staged in Jersey City, according to word received today by a local promoter from Jack Kearns, Dempsey's manager.

The promoter said Kearns gave him the definite information over long distance telephone from New York. He added that Kearns said he was leaving immediately for the west to consult with the champion.

New York, April 1.—Tex Rickard, promoter of the Dempsey-Carpentier contest declined today to comment on a despatch from Montreal stating that the bout would be staged in Jersey City.

CLAIM THEATER OWNERS FORCED TO PAY GRAFT

Fine Levied for Installing Non-Union Chairs, it is Alleged

BUILDERS ALSO CLAIM GRAFT SYSTEM

(By The Associated Press)

CHICAGO, April 1.—Information concerning an alleged graft system thru which Chicago theater owners were forced to pay labor unions' fines from \$1 to \$5 for each non-union seat installed, was placed before the Dailey legislative committee today when it resumed its investigation into building conditions.

According to one theater owner, buildings frequently purchased non-union made seats from firms in other cities. When the seats arrived, the witness said, the union workers refused to install them until a fine was paid.

William B. McKinley, former speaker of the state house of representatives and now attorney for the Associated Builders of Chicago, informed the committee today that his organization would submit documentary evidence to the committee which would prove that the unions had maintained what he termed "an enormous system of graft." He said he believed that cancelled checks, with which graft payments were made, could be produced.

COUNTY RED CROSS

NURSE IS SECURED

Work Outlined in Recent Survey to Be Taken Up Monday by Miss Jacobina Riecke — Various Branches to Unite in Undertaking

At a meeting of the executive board of the Red Cross, held Friday night, it was announced that the new county nurse, Miss Jacobina Riecke, will, on next Monday, take up the work as outlined in the recent survey. During the past week the work of the nursing service was presented to all branches throughout the county, the program being presented by Grant Burgen of the central division headquarters to the executive committee of each branch.

At the meeting last night, Mr. Burgen presented a report of the visits to the various branches and was able to state that in each instance there was great enthusiasm and each branch in the county has voted in favor of bearing its share of the financial burden of the new undertaking.

The county nurse program includes school inspection work and Miss Riecke will visit all the rural schools and those in the small towns of the county. This will not be true of the Waverly schools, as that community now has a nurse, Miss Moede, who will carry out the program in the Waverly precinct. The expense of maintaining a nurse in Waverly is borne jointly by the city, the school board and the Red Cross, and the community is to be congratulated upon the forward steps taken in the matter of public health and community betterment.

Miss Riecke will not inspect the Jacksonville schools, as that work is in charge of Miss Ryman. The new nurse is a native of Meriden, Connecticut, and took her early training in the hospital located there. She then went to Morgan Memorial hospital in New York City and later took public health training at Simmons college, in Boston. From 1917 to January 1, 1920, Miss Riecke was in the army nursing service at Camp Grant, and for the past year has been at Clark, South Dakota, where she has been doing public health work for the Red Cross.

The officers of the Morgan County Red Cross chapter feel very fortunate in having secured the services of one so well trained and of such wide experience in public health work.

Social Events

Sorosis Gave Luncheon.

Miss Mary Wadsworth was given a delightful luncheon Friday noon by members of Sorosis at the home of Mrs. Perry C. Thompson, 1124 West College avenue. The event had been arranged because of Miss Wadsworth's plan to leave at an early date for an extended stay at Chateau Thierry. Prof. S. H. Clark of Chicago University was a guest at the luncheon.

Informal Dancing Party.

A limited number of guests were entertained Friday night at an informal dancing party given by Warfield Brown at his home on West State street, in honor of Miss Betty Baldwin of Chicago. Miss Baldwin is a guest of Miss Dorothy Farrell.

Dancing Party at Litterberry Home.

Mr. and Mrs. Durrell Crum entertained a number of friends at their home near Litterberry recently, in honor of the fifth birthday of Billy Gene Underbrink. Several hours were spent in a pleasant way, dancing and games being the entertainment features. Delicious refreshments were served in the course of the evening.

Entertained at Dinner

Mr. and Mrs. S. W. Winey entertained twenty guests at a six o'clock dinner Friday night in the blue room of the Peacock Inn after the dinner the remainder of the evening was spent in dancing.

Entertained South Side Circle.

The regular meeting of the South Side Circle was held at the Peacock Inn Friday afternoon. Mrs. Alexander Platt being the hostess. The program of the afternoon centered about the discussion of "The Business Side of Home Making," the paper as presented by Mrs. E. L. Kinney. A social hour with refreshments followed the program and it was altogether a very enjoyable and profitable meeting.

Recalled Days of Childhood.

Members of the Booster club of the Cloverleaf Insurance Co. gave a "children's" party Friday night in their club rooms. The young women of the club wore costumes suggestive of the earlier years of their lives and this costume feature caused no end of merriment. Games of childhood were played and the favors and refreshments were of the kind that such an occasion would suggest.

Mrs. Hannah Schriz was chairman of the entertainment committee and the party was put down in the club record as one of the most enjoyable that the club has given.

Confetti Dance Given at Armory Hall

Armory hall Friday was the scene of a confetti dance, given as a benefit under the auspices of Athens camp No. 4980, Royal Neighbors. Large orchestra furnished the music and the arrangements were all of a kind to make the event an entire success. The committee on arrangements included Mrs. I. W. Eaton, Mrs. Earl Vasconcellos, Mrs. Florence Quinlan and Mrs. Dorothy Hoffman. Balloon favors were used and the committee had overlooked nothing which would add to the success of the event.

Service Star Legion Met with Mrs. P. W. Fox

The Service Star Legion held its regular meeting Friday afternoon, 2:30 o'clock, at the home of Mrs. P. W. Fox, on West North street. After the usual opening exercises, Miss Swift of the Woman's college gave a very entertaining reading, "Mrs. Rastus Johnson at the Wedding." As an encore she read, "Almost Beyond Endurance," by James Whitcomb Riley. Miss Williamson, also of the Woman's college, gave a reading, "Homecoming," by McDonald. The greater part of the afternoon was taken up with the discussion of future possibilities, in which all freely took part. The hostess, assisted by Mrs. William Groves and Mrs. John Clary, served delicious refreshments.

Missionary Society of Pisgah Presbyterian church

The Missionary society of Pisgah Presbyterian church met Thursday, with Mrs. James Dobyns with good attendance of members. The session opened with a song by the society, "My Jesus, I Love Thee. The Lord's prayer was then repeated in unison. The devotionals were in charge of Mrs. Holmes, who read the 20th Psalm and then offered prayer. At the business session, which followed, Mrs. W. T. Scott was elected vice president. Miss Helen Holmes and Mrs. Tindall were appointed delegates to the Presbyterian meeting, to be held in Virginia, April 28 and 29, and Mrs. W. T. Scott was appointed alternate.

Mrs. Drury talked most interestingly of Ellis Island, New York, and Mrs. Scott read a paper on the same subject. Mrs. Holmes discussed Japan. At the close of the program a social hour was enjoyed and dainty refreshments were served. Miss Florence Cox assisted the hostess. The next meeting will be held April 28, but the place has not as yet been decided upon.

ROTARY CLUB HELD THE ANNUAL ELECTION

Directors Were Chosen to Serve for the Year—Reports From Standing Committee Made.

Friday was the annual business session of the Jacksonville Rotary club, when the directors for the year were chosen. Nominations in accordance with the by-laws were made several weeks ago. It has been decided that only three of the old board of directors should be re-elected, thus leaving six others to elect. The voting was by ballot and those selected were H. M. Capps, Rev. M. L. Pontius and V. R. Riley from the old board, together with Henry Frisch, W. E. Sullivan, A. C. Metcalf, R. Y. Rowe, H. L. Caldwell and J. W. Walton.

In the voting Mayor Crabtree was one of those chosen but because of many public demands made upon him Mr. Crabtree was excused from service. There had been a tie vote in the election and the withdrawal of Mr. Crabtree's name settled this complication. Reports of committees were called for and were made as follows:

Fellowship—T. M. Tomlinson. Boys' Work—Frank J. Heintz. Program—Albert C. Metcalf. Mr. Heintz in his report said that a movement is under way whereby it is hoped that a fund may be raised to make possible the establishment of a Boy Scout council for the first class in this county. The movement is being fostered jointly by Rotary club men and others who are not members of the organization. If a first class council is organized it will mean that an all time scout master will be secured, and that troops will be organized in all parts of the county, with the central organization in this city.

The only guest of the day was Homer H. Potter.

Deaths

Griggs.

Mrs. Cora Griggs, widow of the late Dr. G. H. Griggs died at the Baptist Old People home in Chicago on February 4, according to word received by friends here.

Dr. and Mrs. Griggs were former residents of Jacksonville and both entered the old peoples home from this city. Dr. Griggs died four years ago.

Both were members of the local lodge of the Knights and Ladies of Security and the officials of the lodge were notified of Mrs. Griggs death.

PROF. CLARK HEARD IN READING PROGRAMS

Prof. S. H. Clark, who is quite well known to the people of Jacksonville, presented "King Lear" at Music hall of Illinois Woman's college Friday afternoon. The audience was made up largely of college students, but was augmented by many townspeople. At night Prof. Clark read "Androcles and the Lion." He is a member of the public speaking department of Chicago university and has a wide reputation for the excellence of his work.

Many Jacksonville people remember with pleasure the visit of Prof. Clark last December, when under the auspices of the Woman's club he presented "Drinkwater's Abraham Lincoln." The two programs Friday gave further proof of the broadness of his grasp of that branch of literary work in which he specializes.
